ABOUT US

Doska Coffee Trading Limited is a trusted Kenyan exporter of green bean coffee and black tea, founded with the aim of bridging global demand with locally cultivated excellence. Based in Nairobi, we are led by Doreen Marangu and Kamau Nyaga, both experienced professionals passionate about promoting Kenyan agricultural exports. Our company collaborates with a network of small-scale farmers throughout Kenya's prime coffee- and tea-growing regions. By supporting them with fair pricing and farming resources, we help raise production standards while strengthening community livelihoods.
